The Premises:

Small end of terrace house in a quiet cul-de-sac. Seems to be a pretty safe place.

Reasonably clean and tidy.

The Lady:

Early forties with a great pair of breasts, probably about 34D. Nice ass and not too skinny. For me just right.

The Story:

Got inside the door and started kissing with tongues. Fantastic. Was wearing a short black skirt, black stay up stockings and a patterned blouse undone almost to the waist. I started to fondle her beautiful tits and nipples, which she seems to enjoy immensely, while she proceeded to rub my groin.

After a few minutes she crouched in front of me and started undoing my pants. Reaching for my tackle she started the most wonderful BBBJ I have ever had. Sitting on the stairs she was taking me deeper into her mouth and I was getting harder by the second. Moving upstairs to the bedroom I undressed, lay on the bed and Helen proceeded to finish me in her mouth, swallowing the lot.

After a brief respite we proceeded to kiss and cuddle until I was hard enough to have sex mish style. She was wild! I gave it all I had and she came a couple of times which spurred me on even more. Helen can talk dirty, which I like, but if this is not your scene there is plenty of other verbal encouragement.

Finished off with another brilliant BBBJ which again ended with me shooting into her mouth and being greedily swallowed. Would liked to have tried anal but did not have the stamina. Will do next time for sure.

Helen is as good as all the FR's I have read and although not cheap she certainly did the biz for me.

Will go back as soon as I can. Just fantastic sex with a lady who knows what she likes and that seems to be anything!
