The Premises:

Scorpio is located right next to a car mechanics, so during the week I guess it could be fairly indiscrete. However, as this was Saturday morning, nobody was about so it was OK. Clean inside, great facilities.

The Lady:

Blonde, all over tan, very tall with the figure of a porn star! Truly unbelievable.

The Story:

Fairly nervous about the whole thing, and Alex immediately caught onto this and put me at ease by chatting and generally having a laugh with me. Started with a light back massage, some nice ball tickling and Alex explaining that I could touch anywhere...the only thing she didn't do was kiss.

Rolled over and Alex proceeded to wank my cock before giving me awesome OWO. We then got into the 69 position, and Alex continued to suck my cock while I returned the favour. Alex had the tastiest pussy I have ever had...and she could take 5 fingers very comfortably.

After putting on the rubber, Alex got on top and basically fucked the shit out of me. On several occasions I had to stop her as it would have been over in seconds. After about 10-15 minutes of this, I said I wanted to cum on her ass. Alex rolled over and started to finger her asshole, and she even let me do it.....there is nothing finer than fingering a girls ass while she plays with her clit, while with the other hand you are wanking over her parted ass cheeks. Needless to say I came halfway up her back.

After cleaning her down, we chatted briefly and I left. Will I be back. Hell yes!
