The Story:

An hour of bliss! A welcoming drink, and a chat as between old friends; to bed, where her skills have been honed to an even greater perfection since my last visit. She is wonderful and horny company and has a new erogenous spot at the top of the outside (yes, outside!) of the front of her thighs. Carefully titillation of her other more usual spots brings her to a spectacular orgasm which most of the town must of heard (probably thought it was another earthquake). Then she made the earth move for me with a variety of treatments and positions and some very naughty verbal encouragement.

Time to recover, wash and bid farewell, leaving walking on air.
