### The Premises:

Her home which has character and charm. A nice place, clean & tidy.

### The Lady:

It has all been said before but it really doesn't matter because it is her personality which makes a visit to her so memorable. Just for the book though, she is tall and attractive in a 'Girl next door' manner. A lovely smile compliments the glint in her eyes.

### The Story:

An hour wasn't long enough especially for a first meeting when there is so much to talk about and one's apprehensions are all to the fore. I had been hoping to visit Jan for ages and I am delighted I did. She is, without doubt, the nicest working girl I have ever met and whilst I am sure there are some aspects of her job that she does not find pleasant, she seems to enjoy much of it and comes across as a warm, spontaneous person who is determined that you will enjoy yourself to the full, which, within the time limit, I did.

What we actually did is unimportant compared to the laughs we had, the kisses and cuddles, the tickles and eye contact. Thank God I don't live closer, I could easily fall in love with the girl.

All in all, a memorable experience; worth every penny and one that I will repeat as soon as possible.

Thanks Jan.
