The Story:

If you are like me and a bit partial to a bit of olive brown skin then there is definitely no need to look any further than Riyana. I found Riyana via her website (which is worth a look at to get some idea although the pictures do not do her justice at all - largely because they have been ?blurred? to protect anonymity).

I initially booked some time with Riyana via email and she contacted me promptly by mobile to confirm the arrangements. The venue was my central London hotel, where she arrived to the minute dressed to kill.

She is a totally stunning woman - great body (fantastic tits, great arse) and very pretty face (beautiful brown eyes and long dark hair, right down her back).

I offered her a drink and she politely accepted a glass of white wine. I was a bit nervous but she soon put me at my ease by offering me a body massage. I am very glad I accepted because it was superb, she really knows what she is doing . She stripped off and straddled me, working on my neck and back. Her skilful caresses were broken occasionally by her running her tits up and down my spine.

I couldn't wait any longer and flipped myself over. She immediately took control however, launching into the most enthusiastically performed BBBJ I have ever experienced. She took me to the brink a couple of times, expertly teasing and backing off just as I was about to let go.

She quietly enquired how I would like to fuck her, I opted for doggy style to start with. The sight of her bucking, arching her back, and throwing her hair back, as I held her by her hips and pushed into

her was almost too much to bare. She completed the bout by riding me home, cow girl.

She massaged me back to life again and we repeated much of what we had already done - finishing this time with me coming all over her gorgeous tits.

Riyana is a real find. It isn't just about the great body and the great sex though, she has a great personality- she is fun and relaxed and natural. Its worth spending a bit of time with her, treat her with a bit of respect and I'm sure you'll get the best out of her.

Well recommended, not just to those who already know the delights that an Asian babe has to offer.
