The Story:

When Julia showed me to the room she said she was just going to the toilet unless I didn't want her to. Go for it I thought so we both stripped off and Julia stood over me and I started licking inside until the first drops started to come. Then she squatted over my belly and I held her close, it was not a golden shower more a downpour. A quick shower and clean up and feeling more horny I asked about anal to which Julia said yes but it was an extra 20. No problem so on with the condom and Julia lubed herself up. However, my feeble attempts didn't work too well but I kept myself amused by fingering her tight little starfish. I ended up unloading over her before we took a shower together, a nice touch.

In the next half I decided it was time to give a bit of oral to Julia and then on with the condom and some good old fashioned mish sex. After this we had a bit of mutual masturbation. Julia's eyes were transfixed as again I unloaded over her.
