The Premises:

A flat in a little local shopping precinct, amazed how easy and quick it was to find off the A1. Plenty of parking in a free car park. Ground floor flat so no need to use the door entry system into the block.

Lovely clean and tidy little flat, doesn't look as though anyone actually lives there though almost like a little hotel suite.

The Lady:

Blonde shoulder length hair, no good with sizes but her tits are just bigger and better than I remember. Think she is probably a size larger than a year ago. I apparently missed out seeing her heart shaped pussy pubes, says she got pissed off with them and shaved them all off again.

The Story:

Saw Melony over a year ago on tour in Gatwick, kept in touch but not having caught her on tour since and I was her neck of the woods gave her a ring.

She opened the door to me in red thigh boots and white basque, drop dead gorgeous. Soon had us both stripped off and into the shower, straight on to my todger, cleaned and ready she just sucked and sucked, well didn't last very long she dried off and she put back on her basque and we sat chatting cuddling over a coffee.

Then into the bedroom and I asked her to play with herself while I watched, soon got hard and was ready to go again, she expertly slipped on protection and in I went on top. Never been in such a wet pussy all that playing with herself had certainly got her going.

She then got on to and again only a couple of moments and bingo it shot again.

She kept on that there was time for another quickie if I fancied doggy but said enough was enough and just had another coffee before leaving.

Not going to leave it so long till next time, now I know just how handy her place is off the A1.
