The Premises:

A basement flat just up the road from Anerley station. In addition to the front entrance on the main road, there is also a more discrete rear entrance.

The Lady:

Julianna is Brazilian, she has curly dark hair with blonde highlights and has a very firm body. The pictures on the website are fairly accurate although her skin colour is lighter in real life and she does have very smooth skin.

The Story:

If you are looking for a GFE then you should opt for a genuine Brazilian, as opposed to someone with a dark skin who grew up in a Croydon and claims to look Brazilian. Their whole behaviour is completely different from ours, they believe in treating a complete stranger with great affection. This might be regarded as suspicious by some who believe there is some ulterior motive behind it.

After the assisted shower it was on to a fairly vigorous massage, not so much a massage - more like a chiropractor work-out.

Julianna is a very fit young lady with boundless energy. This girl can change from girl friend to porn star in the bat of an eyelid. Brazilian's are well known for their bottom fixation and that shows as well. I guess she might appear a bit overwhelming to those expecting 30 minutes of impersonal and indifferent sex. I cannot understand why out of all of Debbie's girls she has had so few reviews.

Occasionally you run into a caring girl who can take you round the world and back in the space of 45 minutes and this is one of them.
