The Premises:

Nice-ish apartment in Earls Court. Parking a nightmare, but place ok - slightly more upmarket than you would expect.

The Lady:

Let's just say that the photos are relatively accurate, but they don't show her stomach for a good reason. Not a lardy, but then definitely not a waif!

The Story:

Total nightmare! Occasionally you get a girl who just isn't interested at all and is obviously only in it for the money. This one is that plus some more! Quite content to sit and watch MTV rather than talk (alarms were ringing), didn't seem interested in anything else, then when we did move to the bedroom lay on her side with one arm over her face and her legs clamped tightly together! Token suck on the old man - and when we did get round to the main event, she is the only girl to have been on top at a 45 degree angle.

Stopped after 45 mins and then talked until -with half an hour to spare - she tells me it is 'come once' for 90mins! When I told her that was not usually the case, she laughed with amusement.

Glad one of us left smiling! I wasn't ..

RIP OFF!
