The Premises:

Modern, clean, but slightly soulless flat in a bit of a wind-swept side street near Aldgate East station.

The Lady:

Her website, and previous FRs, make her out to be Korean, but in fact she is Russian (Ukranian, really), of some mixed west and east-Asiatic progeny, giving her almond eyes and a dark-haired exotic look, but it ends there.

Tall, bad facial skin, small tits, nice legs. Quite alright, but not a great beauty, it has to be said.

The Story:

Was disappointed by previous FRs -- some of which seem a bit too glowing to be completely unbiased -- which indicated she did deep-throat and CIM, neither of which she did. (If you've ever had real deep-throat, you know the difference between that and someone who merely takes it in pretty deep.) Maybe she's changed her policy, or maybe it was just me.

Overall, she was pretty willing and eager to please, but in a somewhat unimaginative and pedestrian way, so no sparks flew. I attempted a couple of unusual (but non-threatening) things with her: the Japanese 'mangurigaeshi' position, with which she was obviously unfamiliar, and the application, orally, of warm tea to the anal rim (a fairly standard asian technique, particularly in Korea) which she nervously bridled at.

I'll recommend her, because she really didn't do anything wrong, but personally it didn't work for me.
