### The Story:

Wanting to dip my toes for the first time in the waters of domination. I called this lady.

She was reassuring and seemed to really know her subject. I arranged an appointment and went along.

Arriving, I was delighted to find that Amanda was blessed with a huge chest and hips to match and sturdy legs clad in thigh high black leather boots with 6 inch heels laced from top to toe.

She led me to an upstairs room which was dimly-lit. As my eyes adjusted, I could see all sorts of equipment. She ordered me to strip and handed me a suspender belt and stockings and a basque which she instructed me to put on. She then informed me I was her slut sex slave and I needed training to fulfil the role.

Blindfolding me she placed me over a stool, gently tied my hands. I could hear the sound of a rubber glove placed over her hand. ?Open your legs bitch? she commanded ?Let me see what you?ve got down there.?

She then probed me and promised that by the time she had finished with me I would be able to take a lot more.

After this I was subjected to numerous humiliations and treated as her sex slave for the hour.

Although I must confess that the experience was different from anything I had tried before, I found it quite thrilling. Amanda obviously takes a great interest in her work and is very experienced with domination and bondage stuff generally.

She said that on my next visit I would experience the ?full treatment? - I can hardly wait!
