The Premises:

Well documented by other reports. Got to admit to being suspicious about the number on this one establishment. But anyway, off I went to try it out

The Lady:

Scottish lady in her 40s. Blond hair, big knockers, but the rest of her is also in proportion

The Story:

Dissapointed, although not ripped off is the best way to describe this - especially for the money involved.

Uninventive massage after squeezing in a small shower cubicle. She then wanted me to go down on her. Sorry, not for me. Then to covered BJ. Didn't take long before Lee wanted to finish me by hand. I like my BJs so was dissapointed.

Don't get me wrong, if Lee was more enthusiastic, it would have been a lot better. Maybe I'll try one of the other girls one day. But I've discovered a few places I can rely on, so will probably stick with these for now.
