The Premises:

Well decorated and clean parlour situated behind a sandwich shop and next to a put in a large back to back terraced house just off Allerton Road.

The Lady:

Pretty half Indian (London) girl in her early twenties and standing about 5 foot 8 (if she ever took those shoes off!). Long reddish hair with blond streak, 34 b/c boobs and a slight cute little paunch which doesn't seem to have been stretched by childbirth. Very long legs (a definite for leg / shoe fetishists!)

The Story:

Straight forward (run of the mill massage) followed by covered oral and sex to completion in two positions. Not unpleasant but the whole thing was pretty much run of the mill as it more often is with these younger girls. Visit if you want eye candy but a straight forward "ball-emptying session". I have yet to find a parlour experience to blow my mind away - if anyone knows different then please email.
