### The Premises:

In a cheap hotel (not my choice, and was included in the price - she does not use her flat for incalls). A bit tawdry and unpleasant.

### The Lady:

An asiatic girl (well, I say 'girl' -- I would guess mid-30's), from somewhere in the former Soviet empire. Claims to be Mongolian, and speaks English with a pronounced Russian accent. I don't see much reason to doubt her. Not bad looking, but not gorgeous either. Judging by her figure, I would guess she's had a child; she has a few moles on her face which she conceals with her fringe.

### The Story:

With this lady, it's all about sex: no pretence of anything else and no qualms about taking advantage of an inexperienced young thing. Without enquiring too carefully about the menu (I had a pretty good idea), I gave her some extra dosh up front and asked for her best service (a bit profligate, but that's how I am). I knew I was in for an interesting time when she said 'You can do anything you like.' OWO was alright (I've had better) followed by (safe) straight sex in a couple of positions, followed by some very smooth anal -- really remarkable: almost no lubrication necessary -- it just slid right in; she can take it from the rear or from the front while lying face up (and I guess any other way you can dream up...). I asked her solicitously if it hurt and she said not at all (!) -- I guess practice make perfect. I finished off with CIM while having fingers simultaneously up her twin orifices. Jesus.. a bit of an anatomy lesson that.

A good experience, but I really wouldn't repeat it because 1) she's not really the stuff of fantasies (unless you are into anal to the extent where it's the only thing that matters) and 2) I really disliked the cheap hotel.
