The Premises:

Small but nice flat. Her bedroom is like being in a sorceress' boudoir, complete with tapestries, leopard skin rugs, mirrors, and stars on the ceiling.

The Lady:

Mature (mid-50s) Japanese lady. Genuine 100% Japanese. Koko has lived in London for many years so has very good English. I've seen her many times (6 or 7 maybe).

The Story:

Given her age, Koko is obviously for those with specialised tastes, or at least for the broad-minded, although she is in very good nick physically.

This looks to be her first Field Report, probably because those who use her services either want to keep her a secret, or because they themselves are discreet older gentlemen who wouldn't post to bulletin boards like this...(!). Some of her customers are diplomats in the Foreign Office, some Oxford dons, others bankers who spent years in Japan, and then of course there are low-lives like me...

But to the point: Koko is delightful, eccentric, and a complete nymphomaniac. As is suitable with an older woman, it's best (IMHO) to let her take the lead and give you the full "experienced lady" treatment. She does an excellent assisted shower, full of surprises, followed by erotic massage, also full of surprises, with plenty of attention to the erogenous zones. But oral, I think, is her crowning glory --- I can without hesitation say the best I have ever had. If you think oral is more or less the same no matter who gives it, Koko puts paid to this notion. This is a woman who genuinely and truly loves cocks.

If you gain her confidence (i.e. probably not on the first visit) watersports are also on offer. Poppers (amyl nitrate) are usually also to hand, although that's not really my scene (by the way, never mix amyl nitrate with Viagra or any other nitrate-based vascular agent -- it's dangerous). She's not into SM or anal, but will do 3-way with a partner of her choice who fits whatever other leanings you may have (e.g. trans-sexual, bondage, etc).

Helga at Mature Courtesans will help you book Koko; she's a very nice lady.
