The Premises:

Entrance down an alleyway at end of shops on corner of main road. Parking on residential road that follows after, so pretty safe.

Flat above shops is a bit cold, and probably needs a lick of paint, but the main working room is nicely sorted with mirrors & video. Certainly no worse than any other similar working flat-type scenario.

The Lady:

Described on phone as 22y.o. friendly bubbly and curvy. Can't argue.

Guess 5'5", 34C-25-36, but sometimes stats don't tell the whole story.

The Story:

Was working down in Croydon, so researched on PunterNet and found Charlotte, but wasn't going to be there when Charlotte was working, but the maid said that Holly was also very good, so went along to see.

Already a queue to see her right at the start of the day, which suggested the maids comments were correct. When I finally got my go, I was shown to the room and Holly came in and introduced herself with a kiss (nice touch). We settled the price and left to undress.

When she came back, she stripped off and started to give me a body to body massage. Hands were also being used to maximum effect. By now, any disappointments at not seeing Charlotte had gone as Holly was hitting all the right buttons

Turned over for some more massage from those lovely breasts, before she then began OWO, that was just heavenly. What can a guy do but then return the complement, so onto a nice bit of reverse oral that hopefully hit the spot with her too.

By now, the needle on the hornometer was pointing to MAX., so she put the condom on with her mouth before starting to ride me. So marvellous were the feelings, that I didn't even look in the mirrors to watch - Total concentration on Holly and pleasure. We switched to doggie for some more rampant sex and before I got to the fun of some mish, I could hold out no longer. Just fantastic.

After a clean-up, a nice bit of chat whilst getting dressed and another kiss to leave. A really great session.

When I retire from this hobby and start compiling things like my "Desert Island Working-girls" (Desert Island, 8 Girls and your luxury perversion), I'm pretty certain that Holly would feature on it.

Highly recommended.
