The Story:

I have to admit that normally Tricia would not be the type of lady I would go for as although I don't like skinny girls, she's a lot bigger (size 18?) than I would normally consider. However, she was recommended to me.

I'm pleased I went though as she won me over with her friendly manner and we had a good laugh as well as really good sex.

What's important to me is reverse O and OWO and she did the latter with enthusiasm and a lot of skill. Then, having had sex in a variety of positions, it took all my self control whip off the condom and finish off CIM.

I was really glad I overcame my initial reservations and paid Tricia a visit. For genuine lovers of BBW's I would think she would be ideal.
