The Story:

First time using an agency and they were pretty good. Wanted to see melissa but not available so Eren it was. She was late for the appointment but the agency phone to let me know, very good coffee shop round the corner to keep me occupied for 15 mins.

Offered a shower, nice and clean facilities. Got straight down to it, plenty of French kissing and soon very good OWO. Went down on her no problem, the tastiest and cleanest holes I have ever had. Gave Eren a good tongueing and then fingers, no objections to either.

Then disaster strikes in the form of me being knackered. Shoot into her mouth which she takes really well and then discreetly spits. After this I virtually fall asleep but she tries hard to keep me occupied and get me ready for round two which I know isn't going to happen. Real pity but none of her doing. 'A' wasn't offered but I think she would have no objections if asked and you weren't too big.

Eren was great, a lovely find. I think my first ?150 agency girl was a real success and look forward to trying others.
