The Premises:

Debbie's Massage as described previously many times. Safe enough area at this time of day. The flat has recently been refurbished and there are some minor details which remain to be completed such as the reinstatement of the large mirror in the bedroom. The kitchen is now separated from the living room area by a wall and a door and the shower is now in the same room as the loo and is separated from the hallway by a door. I believe that new carpets have also been laid. The flat was clean and looked smarter than before.

The Lady:

Debbie is an attractive busty curvy brunette (in her mid thirties?) with a friendly and down-to-earth personality. She also has a good sense of humour. She has a famous liking for cakes. See if you can spot her erotic cigarette lighter! She has recently released a new version of her website which she is keeping up-to-date.

The Story:

This is the fifth time I have visited Debbie and this visit was the longest and best so far. She varies the agenda and introduces new experiences so that I want to come back again for the next episode. She was very enthusiastic and I felt more at ease than before and as a result we were able to overcome my problem with retarded ejaculation. Pat (the maid) who is on duty on Mondays, Wednesdays and Fridays is a very attractive and friendly woman who makes the customers feel very welcome and I have had long and interesting conversations with her when I have visited. To cut a long story short, I arrived at 12:00 and did not leave until about 16:00 after spending most of the time in conversation so it seems like very good value for money! (especially for cake-eaters!).
