The Premises:

Located very near to Anerley station with the front entrance on the main road. The place is actually a basement above an empty shop, but inside it is clean and tidy. The maid on the day was Pat, and there was a very friendly atmosphere about the place. I had no trouble parking in a nearby street, and felt quite safe at this time of day.

The Lady:

Southern English, mid 30s brunette with full breasts, and gorgeous, mischievous eyes. Lovely personality, friendly and chatty. See her other reports for more details.

The Story:

This was another great Punternet-provided discovery for me, and by reading her other reports I decided that a good time ahead was likely. I was not wrong! I arrived there on time, and was shown into the bedroom by Pat, the very efficient and friendly maid. I was offered a drink (I had tea, although cold drinks or lager were also offered), and a cream donut. A quick warning here in case you don't understand the way Debbie's works. It is not a massage parlour, and you should take the appointment time as approximate, and be prepared to wait, because Debbie does not rush her clients, and really takes an interest in getting them to enjoy the session. However, if you do have to wait, the lounge is very comfortable and the time spent with Debbie soon makes up for it! What I am really saying is don't complain if you have to wait (makes it even more like a GFE!)

Debbie came into the room and greeted me with a smile and a kiss. As it was my first visit, I got her to run through the menu before deciding what to do. I was torn between a shower or uniform session, but as previous reports extol her role-play, and as she seemed quite keen on this, I went for a role-play session. I elected for her to be my secretary who was after a rise (not much of a problem there!). Debbie went off to get changed, and I sat in the armchair waiting for her knock on the door. 'Come in Miss Loveitt, I understand you would like to see me?' and from then on it was great fun with an incredibly sexy lady with lots of humour throughout (mostly provided by Debbie). You will get a good idea of the things we got up to by reading her other reports, but briefly it was fun and sex from when she sat on my lap and started undressing me (she enjoys doing that) to the end of the session. We had a friendly chat as I got dressed, another drink (a cold one this time ? I

needed it!) and I said I was off to play with the Friday evening traffic. She said I was quite welcome to stay in the lounge and have another drink while the traffic quietened down, which was a nice, and quite genuine, gesture, and reinforced my feeling of how friendly this establishment is.

Apart from the sex, which I found excellent, I think the one other word that stands out here is FUN, and that is mostly, if not entirely, down to the way Debbie enjoys her work. It is no surprise that she has a lot of very positive reviews on Punternet. Will I return? Silly question when I've not tried the shower, the nurse, the policewoman, the maid to name but a few. Treat her well guys, she deserves it not only for running such a good establishment, but also for being such a friendly, sexy, fun-loving lady.

PS. Now I know why my papers keep sticking to those funny-shaped paperweights that you use Debbie!
