The Story:

this was a terrific way to spend an hour and I will be back to see her again when time permits. She does a great masaage sucks like an angel does wonderful things with her boobs and is a very willing. As things moved on she was as happy receiving oral as she was giving it and 69 seemed something of a success. Tried to finish things off with her on top riding me but then decided on mish with legs over my arms for maximum penetration and effort. All in all this was a very pleasant hour with a very nice black lady who seemed to enjoy herself as well.
