The Premises:

safe small but cosy flat in huge victorian style building which is about the standard for the area...close to notting hill tube.

The Lady:

I'm having a bit of trouble finding a good independent indian girl who i could visit regularly....although a bit older than i usually go for, thought i'll give her a try..... mid 30's slim indian lady with great bobbs...pics on the site are real, although her face is blurred, was surprised how good she looked, much fairer skin than the pics would let you believe.

The Story:

didn't say much, but the service was good, everything covered, not sure if she does anything without, didn't ask...started off with a massage, not really my thing but let her get on with it, followed by oral,...my turn to go down on her....nicely trimmed, sweet taste, she even showed me where she likes to be licked, sum 69, when she said she was about to cum so switched to her on top facing away, good mover, a little tight, we both came together....only disappointment was there was no 2nd round, although she didn't say it was a one cum service, so my fault, i'll ask next time.
