The Story:

The place has only been open for two days I was told that they also got a dungeon (but that's not for me !) After payment I was led to the bedroom & stiped off. Lisa stated with the back massage which was not rushed. She has a very friendly manor which puts you at ease stright away.I then gave her a reversed massage which she seemed to enjoy by going by the moans she was making.She when told be to lay on my back.She started kissing my chest & then some very passionate kissing. Then she give OWO which was great, she then started to finger my arse which was mind blowing! After that I gave her reversed oral which again she seemed to like. I then could not wait any longer she put the rubber on & started to bang away with her legs on my shoulders with more kissing.I then pulled out removed the ruber & came over her. I would say it's the closest to 'girlfriend' sex that you can get. I would say that I left on cloud 9 but that would be doing Lisa a misjustice.
