The Premises:

Flat in a relatively decent London area. As others have said, you're slightly exposed as you walk to her flat, but once Cindy greets you at the door, you tend to forget about that type of thing. Flat is nice, though no luxury penthouse. One of the shower doors had come off its hinges.

The Lady:

A cute young Latvian girl with a knockout figure. She's a little skinnier than she appears in her photos, and she could use some teeth-straightening, but otherwise she is as good as her pictures promise. The most fantastic set of breasts I have ever laid eyes (or hands, or lips) on. She's around 20 years old and slightly shy, but she is happy to converse if you make an effort to enunciate. (BTW, though she grew up in Latvia, her father is Swedish, so the web site is not entirely wrong.)

The Story:

The agency gave good directions, and I found Cindy's flat with no problems. She greeted me with a smile, wearing a little black baby doll nightie and panties. She offered me a drink and we chatted a bit about random topics. Not sure why other reports have said her English isn't very good - I found we were able to converse on almost any topic, and she was both interesting and funny.

After a while she suggested I give her a "present", so I paid her and we made our way to her bedroom, where she stripped off rather quickly for my liking, but once I saw that her beautiful breasts were as large and firm as her photos promised, I was eager to get to know them better. I stripped off as well why she lay back on the bed and let me get a good look at her body, which looks so much like a teenager's I had no trouble believing she was 20.

I lay down beside her and started stroking her breasts, which soon proceeded to my kissing them all over and licking her nipples, with her sighing all the while and stroking my hair. After a while I knelt beside her to stroke her body up and down while getting a better look at her. As I slowly moved my hand down between her legs, she began stroking my hardness, and soon I was gently fingering her pussy while she sucked my cock. For some reason it usually takes a lot of work for a girl to make me come using her mouth, but her combined hand and lips technique, the increasing wetness on my probing finger, and the sight of her young body next to me soon had me nearing the edge. I had

just enough time to say, "Don't stop!" before I started to come long and hard in her young mouth. Women have often commented on how much I come, especially when I have been saving up as I had in this case, so I was quite pleasantly surprised to see her take it all in her mouth, which probably prolonged my orgasm even more. She kept it up until I was completely drained, and then discreetly ran off to the loo. I could hardly blame her with a mouthful like that!

When she returned she lay down beside me and started caressing me very tenderly, while I returned her caresses and we talked about growing up, travelling, our jobs, and her future plans. (She is missing home, so if you want to see her, you better act fast - I suspect she'll be going back in a few months!) While the sex had been very businesslike, this experience was very GFE, and quite a surprise for such a young girl. She also seemed to enjoy showing off her cuddly toys, which really enhanced the whole teenager fantasy.

After a while she could tell I was "recharged", so she started kissing her way down my chest. In a few moments she had sucked me back to full hardness, and she reached for a condom and suited me up. Then she slipped on top of me, and her warmth and tightness almost made me come right away. She rode me energetically (but not maniacally like some girls do) while I tried to decide which I liked better: squeezing her big, firm breasts or watching them bounce free with her motions.

After a while I asked her to roll over onto her back, and she pulled me with her. I said I didn't think we could make the 180-degree transition without my coming loose, but she smiled confidently, and when she turned out to be right, we both shared a laugh. Now on top, I started pumping away inside her. This lasted for quite some time, with her seeming to enjoy it as much as I was. Unfortunately, I am not as young as I once was, and after a while fatigue got the better of me, and I had to pull out, sweat dripping down my back. (It was a rather warm day, BTW, and no air-conditioning.) She seemed disappointed, but I asked her stand up and show off her body for me while I stroked myself. This visual worked wonders, and when I asked if I could come in her mouth again, she put her lips gently around the end of my cock and I shot my second load.

Had a quick shower before leaving with her giving me several hugs on the way out. All in all, a great time. Not quite the assured performance of an experienced working girl, but she was willing, able, and oh so nubile. The only thing she didn't seem willing to do was the French kissing mentioned in previous reports. (And I had brushed my teeth before coming over!) But the fantastic OWO with CIM made up for that and more!
