### The Premises:

This is the same establishment as used by Caroline of Maidenhead([www.caroline-escort.com](http://www.caroline-escort.com)). It is a first floor flat in a newish block discreetly hidden away. It has a communal door with an entry phone system in a quite cul-de-sac. There is ample parking next door, although I walked to it from a near-by road and felt quite safe. There are no twitching neighbours and is in a nice, clean area. It was a very warm day but the flat was well air-conditioned and cool.

### The Lady:

Sasha is very petite lady with strawberry blonde hair and green eyes. Her photos on the web are accurate although they have disguised her eyes, which is a pity. She is 5'06" tall with blonde straight shoulder length high-lighted hair and soft 36B inch breasts. The rest of her figure I can only guess at but it is shapely and compact. Her nipples are small, round and hard and her pussy is neatly shaved with a perfectly trimmed landing strip. Sasha has an infectious laugh and a wry sense of humour. Her eyes sparkle and dance with naughtiness. Her Kisses were deep throated and full as she does not hold back. She is intelligent and can talk on many levels about anything.

### The Story:

I booked Sasha after a visit to Caroline, who does a naughty duo with her, of which I would like to part-take. I decided to try-out both halves as individuals first. She greeted me with a lovely smile wearing a knock-out dress, high heels and grey stocking hold-ups. I was welcomed in with a gentle kiss and asked if I would like a something to drink. I choose a long cold glass of orange, to try and cool me down. (I was getting all hot under the collar just being with her). A few pleasentries were exchanged as she flirted with me and gently touched my arms. Soon after, she took my hand and lead me through to the bedroom. She slowly undressed me and gently tounge my nipples. "Are you sentive here?" she asked. 'No' but I am now!! She softly took very erect Mr Woody out from his hiding place and massaged him to a further couple of inches. She took things very slowly. She asked me to lay on my front and then used lavender oil to gently massage my back. She used to work in a saloon and knows her way around an anatomy. Sasha was gentle where she needed to be (between by balls and my bottom) and firm across the muscles of my shoulders. This was heaven. This was augmented with a body to body massage that made Mr Woody penetrate a hole in the mattress. I then turned around and by now Sasha had already dis-robed and was only in her

stockings. This was so discreet, I did not even realise it had happened. There followed some soft OWO as she teased me with her tongue and licked me along my shaft. My hands wandered and found her moist inviting pussy already dripping. With her legs slowly opening, I needed no other encouragement but to continue to explore her crevasses. This developed into a 69 as I probed deeply with my tongue. What she was doing to the other end of me was undiscrivable. Sheer pleasure!! I had to concentrate hard not to just come in her mouth. I will not continue to describe what went on other than to say that it is between me and the lady. But she really is a sensual Lady! Penetration, eventually after a lot of teasing and pleasuring, was covered, but it was at such a slow pace and not rushed. The transition between positions was seamless and the final round had built up into a crescendo that when I exploded it continued to last for a few twitches. She moaned as her pussy juices flowed and if she was acting then she deserves an oscar! The high-light was the strategically placed mirror in which every angle and view could be seen. What a turn-on!! She then cleaned me up (something I find very stimulating as some women just want to leave it to you). We chatted and for a while and then I was given the opportunity to take a shower. This I did in order to cool down and try and reduce the ever growing erection I had just gained after her soothing attention. It was only after this and whilst I was sipping a second cool drink in the kitchen, that she asked for business end to be dealt-with. It seems she was so intent on just getting me naked! This woman really enjoys sex. I have no hesitation in giving her a recommendation although I know that this may have the detrimental effect of limiting my time with her. (She only works two days a week). I am thinking of visiting both her and Caroline as a duo....Raunchy doesn't even come close.
