The Premises:

Can add no more than what everyone else has said about this place. Very friendly, relaxing and just the dogs bollox really.

The Lady:

Always awkward when girls pics are blurred, but I do remember Leah being a 'looker' from the pics on the wall from a previous visit.

Just thought I would add my four-penneth to the other glowing reports on this certain young lady. She is indeed very attractive in the flesh. Don't seem to go much for coloured girls but Leah was an exception and a very pleasant one at that.

The Story:

After a quick shower Leah came in and we got down to some action. We kissed quite passionately while we fondled each others bodies, then once her thong had been removed I had a taste of her...umm...lovely.

Leah returned the oral and sex in a few positions was frantic as opposed to passionate. Gave her quite a rigorous seeing too and just before I was ready to let go, whipped off the condom and spun her round to come in her mouth and over her face...great climax.

Top girl....but ain't they all here!!

Just for the record the breast enlargement topic came up and I'll add my weight behind the 'Leah don't have them done campaign'. Their perfect as they are!
