### The Premises:

Classy flat in a plush area near Lancaster Gate. Very clean. Felt safe and no one would know why you're there.

### The Lady:

Gorgeous, juicy looking early twenties Italian blonde with small/medium size firm tits and curvy body. Photos on website are accurate.

### The Story:

Chatted over a drink before going into the bedroom. Just being near this woman gave me the hardest boner ever. Couldn't wait so didn't ask for a massage, slipped her out of the little dress she had on and started sucking away at her bits. After several minutes of grappling with her on top she moved off and got on her back. I ate her out and this was very good indeed followed by some covered blow job. Tried to snog her but without success - but then my mouth would have smell of her pussy. Shagged her in the missionary position and then did doggy style. She gets a bit too vocal during sex and this was slightly offputting. Felt a bit rushed toward the end of the hour. However, still an unforgettable experience with a stunning totty.
