The Story:

I have seen kelly a few times and its always a pleasure. A slow almost tickling massage is then followed by lots of licking and kissing around the balls area which is very sensual. Then she turned and opened her slim legs and I played with her tight little pussy now all this is very nice and sensual but when you start having sex kelly turns into a wanton nympho. She spreads her legs puts them on your shoulders and makes very sexy moaning noises onto doggy equally wild and an explosive climax. Another great girl.
