The Premises:

Sandy's is well documented. If you haven't been you should do. Nuff said.

The Lady:

I had been reading FR's on various ladies and must admit that in Manchester you are spoilt for choice. Anyway I decided a trip to Sandy's was in order where I intended to see Cameron. I didn't book - thought I'd leave it to fate cos there were some real crackers working at Sandy's that day and as long as I got to see one of them I knew I'd be happy. So I informed the receptionist I'd like to see Cameron when, as expected, I was told she would be about 20 mins. No problem says I and took my seat in the waiting area. There was already one guy waiting and whilst I was there another 2 guys came in. One was waiting for Caprice, one went up for someone else and the other guy said he wanted to see Cameron. He was told she'd be 15 mins with her current client and another 30 mins with me, but if he wanted Patrice she was available in 5 mins. I quickly stepped in here and said 'Hey, you see Cameron and I'll see Patrice. Ok?'. What did I say about fate! I had also wanted to see Patrice as she has some excellent FR's and here was my chance.

I went upstairs and showered and waited for Patrice. I was told by the receptionist, in no uncertain terms too, that too many of Patrice's clients were paying for 30 mins but taking 45 mins or even longer and so if I did that then she would charge me for the extra time. She also said she would knock on the door when my 30 mins were up. 'Fair enough' I said.

After a short time Patrice walked in wearing a similar outfit to her website pictures. She looked very attractive and her body looked great. She looked every bit her 30-something years, maybe even older but she looked great!

The Story:

I must admit that due to her FR's I was a bit like a rabbit caught in the headlights. It's like I wanted to be a spectator to see what happened as well as the participant (obviously!). Anyway I was somewhat surprised by how posh Patrice spoke and her eye contact is absolutely amazing - there is a warmth to her eyes that makes you feel like your old lovers meeting for another secret tryst.

She began by giving me a very welcoming, and lingering, kiss on the mouth and told me to lay on my back. She then began to give me a really great massage with hands and body and then she let her tongue do the work. Absolutely amazing! She gradually prized my legs apart and gently pulled at my hips so that my arse was somewhat sticking up in the air and carried on using her tongue all over me. This is the first time I have ever been rimmed and it felt truly amazing. Patrice did this for some time obviously enjoying the fact that I was enjoying myself. Then I was told to turn over. She very gently used her hands on my cock and kissed and licked my legs until she got to my cock and balls. Then she slowly licked and teased, whilst all the time making the most seductive and intense eye contact. She then gave me OWO and this was by far the best BBBJ I have had. What a technique - at first no hands, which were gently caressing my thighs. Then use of hands and tongue and more intense eye contact.

Patrice said if I wanted her to stop cos I felt I was cumming I just had to say and we could calm things for a while. I thought this was very good of her - no rushing here. She also said if there were things I specifically wanted her to do I just had to say and her whole manner was one of putting me first. After this great BBBJ I said I wanted her to lay down so I could spoil her for a while so I kissed and caressed her back and then turned her over and gave her a good licking. Patrice would grind her pussy in to my face to extract as much pleasure for herself as she could and she would go in to spasms of pleasure - anyone who has seen Patrice will know what I mean. After a while of doing this Patrice put a condom on me and we started fucking in doggy and then her on top. Again more grinding from her. Then it was off with the condom and more OWO.

Throughout Patrice is gently talkative but always with the most intense eye contact and the way she suggests things its like she genuinely cares that you have a great time. She asked me if I wanted to cum in her mouth or on her face or body. I asked for CIM and Patrice carried on giving me the most heavenly BBBJ. I instructed Patrice to use more hands as I could feel the climax building and when I finally came it was the most explosive orgasm I've had in many years. I must have shot a load of cum in her mouth but ever the professional Patrice took every last drop. She then reached for a tissue and informed me that I'd shot so much cum that she'd swallowed half of it! Wow wee!! What an experience.

Patrice is a whole new experience in punting. A truly amazing time. It goes without saying that I would recommend Patrice however as I write this report I understand that she has left Sandy's never to return. If you get the chance to see this lady you better take it - and please let us all know where she is!
