Samara is a very busty,voluptuous and sexy coloured lady.

### The Story:

I contacted samara via her website and arranged for her to visit me at my home.She arrived on time and we greeted each other warmly.She is very friendly and easy to talk to.She changed into an incredible sexy outfit which showed off her magnificent boobs(40ii)and curves.We chatted over a glass of red wine,then danced together.Samara then did a sexy dance alone,teasing me with her massive cleavage before unleashing her boobs in my face.She loves her boobs sucked and played with,which i did for what seemed like ages.She also has a very sexy bum,which she likes being kissed in all the right places!We screwed in several positions before i climaxed in pure sexual joy. This lady is very special and a titmans dream vision.You can invite her into your home without any fears,she is very discreet.Be nice to her and you will be rewarded with the time of your life.
