The Lady:

Nice pics on the website, although I would say she is closer to a size 12 now. Still has a nice tan with a few discreet tattoos. I would also think she is a few years older than the 23 suggested on John's website!

Miranda is quite petite, so the 5ft3 on the website I would not argue with.

The Story:

I had originally planned to visit Miranda, but after a bit of a cock-up with directions,(mine) Miranda came along to visit me.

Miranda arrived on time and we had a drink/smoke and got to know each other. She seems very easy going and was very easy to talk to about all sorts of things.

We then retired to the bedroom and removed each others clothes before Miranda sucked me without a condom. Very nice OWO it was too. Miranda does have quite a nice figure and I spent a bit of time exploring this with my mouth before descended between her legs for a while.

Sex was good in a couple of positions before the time was up and Miranda departed.
