The Premises:

Sandy's Northenden, my second visit. It's very convenient with its own car park. A bit muddy though. Excellent entrance at the rear which is very discrete. Clean and tidy with friendly staff and a nice little bar in to waiting area. Very festive as they were just putting up the Christmas decorations. They forgot the mistletoe though!

Ushered into the room with the two level bed. Could have possibilities here. Excellent double shower.

The Lady:

Morgan, mid to late 20's, 5ft 8ins, good looking and a lovely athletic body. Exciting, active and sexy with it. Lovely dark hair.

The Story:

This is the third time I've seen Morgan in the space of a few weeks and reporting again does attract the wrong impression, but I feel if a working girl goes out of her way to give excellent service, which is why I've paid three frequent visits, she deserves a pat on the back and a bit of praise. The pretty standard service of GFE and reverse oral etc. were of the usual high order and then having got into the mish and doggie positions, Morgan suddenly says, 'Lay on your back and I'll give it you cowgirl style'. Now this was a first for me, I'd never found the cowgirl position appealing and never really tried it that way as I couldn't see very much to it. Boy, was I wrong! Morgan is an excellent exotic dancer, she's also very lithe and slightly athletic. The way she moves when doing it cowgirl style is something to behold. The gyratory hip and groin action was mind blowing. I'll watch Roy Rogers films in a totally different light now. In Morgan's biography on Sandy's web site Merv suggests you ask her why she's called 'Lizard Tongue'. There's no need to, by the time your whole body has endured a gentle, sensuous and very tantalizing tongue lashing you'll know exactly why. I'll look at

lizards in a totally different light as well, now. As I've said before, I am one of the more mature clients who likes a lot of GFE with a bit of excitement thrown in and I can't praise Morgan highly enough for her patience, her expertise and the manner in which she accepts the challenge.

Thank you, Morgan, for another super thirty minutes.
