The Story:

As a regular at Debbie's, I just had to see the new girl, who I have previously seen at another well known flat. I had booked an appointment but as usual I arrived early, had a chat with the maid and was offered the normal range of drinks. After a short wait (Katrina was in the room with the previous client) I was led to the bedroom. Katrina with her wonderful accent asked me what services I required, went for the house special (as always) which includes the assisted shower. In the shower, Katrina paid a great deal of attention to part of my anatomy, which responded in the expected manner. After a nice shower, adjourned to the bedroom, after drying ourselves, Katrina was kneeling on the bed and told me to join her. She set about kissing my nipples and fondling the important bits, before I lay on my back with Katrina kissing and rubbing various parts of my body. After some time at this, it was time for the condom to go on and a lengthy oral session, eventually, Katrina climbed on top for some wonderful sex, don?t know where she gets the stamina from and she kept going until I came. A great service and one I will go back and see regularly.
