The Lady:

she came in to room dressed in nice turquoise matching bra and thong set. she had some make up on but not too much, nice friendly smile and was about late 30's early 40's fully shaven down below and clean and nice firm tits

The Story:

started with a body massage with her rubbing her bare breasts on my back and against my bottom. she then turned me over and gave me some OWO which was very nice. then i proceeded to give her some oral to which she was very receptive especially when i slipped a finger into her anus and then started to rim her down there which was a nice experience she let me do this for some time and let me even stick to fingers up at the same time. i ended up cumming early but she said not too worry and i was able to have some more OWO with me cumming all over tits the second time very good punt all the same, was told b4hand that she does W/S but forgot to do this with her
