The Story:

I am always dubious about trying a new website but am so glad I did as this girl has prompted my first FR. Amber turned up on time and I met her in the hotel foyer. She immediately made me feel at ease and she fitted the location (quite posh) well. We had a couple of drinks then went up to my room. Amber is a fully trained masseur and boy does it show! We started with around 30 minutes of her massaging my back and legs which was worth the money on it's own! About half way I asked her to do it topless which she did with a smile. Once I was on my back she expertly slipped a condom on me and started sucking my cock, which was truly mind-blowing! I would say this was her best "talent" and even trying my best I could only hold off for a couple of minutes before coming really hard. We laid together for a while, during which time she gently played with my cock till it was hard again (no kissing, although I didn't try) and then we fucked for about 10 minutes blissful missionary before I came again (over her breasts, which she seemed to REALLY like.). She stayed till the time was up giving me a shoulder and head massage. Will definitely be seeing her again to experience the awesome oral!
