The Premises:

Vanessa's flat is a basement one in a residential street near Royal Oak tube station. Be aware that another lady also works there so it may not be Vanessa who opens the door. The bedroom was pleasant though rather dimly lit; the only light was a table lamp, albeit with a shade which gyrated intriguingly. the shower was powerful though part of the cubicle door was missing, which meant taking care where you aimed the water so as not to flood the place.

The Lady:

Vanessa is simply gorgeous and has the figure of my dreams. If anything she's even more stunning than the website photos. She has long slim legs, a beautiful shaven pussy and lovely soft rounded buttocks. Her stomach is so flat it's almost concave, her waist is slim and her boobs are heavenly. They're not large but they are natural and full and look superb, whether in or out of her bra.

The Story:

Vanessa was wearing stockings, a black thong, a black bra, and a flimsy robe which covered none of the above garments. She's friendly and welcoming and seemed happy to take things nice and slow. Her English is good but one has to make allowances for it not being her native tongue. Talking of tongues, she didn't go in for deep kissing but that didn't worry me a bit. She does do OWO and anal tickling, however. Without going into precise details all I can say is that if all young Latvian girls are like her, I'd move there tomorrow. Alternatively I could stay in the UK and just see Vanessa regularly. That will make a middle-aged man very happy.
