### The Story:

I have now visited Mistress Beverley (or as she known to her pets as Superior Mistress) on a number of occasions.

Well what a truly amazing Mistress she is, I have visited a number of Mistresses in the North West, but Superior Mistress Beverley is by far and without any question the best ? her title of Superior Mistress is warranted. Not only is Mistress an absolute goddess with a figure which is superlative, but she has the most amazing mind that can get right into the psyche of those who submit to her. Her presence is enough to make you get on your knees and submit ? something I do without hesitation.

My visits have always been mind blowing. I am always greeted by her in one of her amazing outfits, all of which are sensual and erotic to say the least. You are always put at your ease in the front room and asked what would you prefer from Mistress today? In my case the response is often what ever pleases you Superior Mistress.

At the snap of her fingers you will be led into her well equipped and pristine chambers and told to strip before her. Whatever your pleasure, there is no doubt that Mistress will take you to highs of eroticism you thought never existed. What is so apparent is that Mistress enjoys the domination and control she immediately gains over you. Mistress will push your limits of endurance, pain and pleasure ? if that?s what you desire.

You will often be instructed to look into her eyes you submit to her ? its so bewitching and you will hear the phrase; ?pleasure for me ? and pain for you? Well I like a little pain and lots of pleasure? and this has always been the case with each visit. I have experienced heavy bondage, foot worship, c&b torture, water sports, canning, strap on used on me and I used on her (What an honour), full body worship (one of my favourites), being milked and drinking it and electro sessions ? all

delivered in a well controlled manner that leads to such a 'high'. My last visit provided me with the most intense orgasm I have 'ever' had ? it blew my mind?

For an hour I loose all grip on reality, I become a willing sex slave and enter a world of pure control, submission and domination all under the spell of Mistress Beverley.

I count the days until I can visit and submit to her once again!
