### The Lady:

Pretty much as described on the Valentines website. Not dressed very glamorously due to me booking at short notice and the cold weather.

### The Story:

Dr. Jeckyl and Mrs. Hyde!

Hrs. Hyde: On arrival I thought that the wrong person had been sent as Victoria seemed far too demure and quiet to be an escort. I was in fact quite concerned that her quietness was such that it would lead to the following hour being a dissapointment.

Dr. Jeckyl: However after a short chat, sorting of the finances and removal of clothing a spectacular transformation took place with Victoria becoming a different person; energetic and adventurous!

Hence despite my initial concerns, a very satisfying hour that is definitely worth repeating.

For those of you into role playing no doubt the very different facets of Victoria's personality create some interesting possibilities.
