### The Premises:

Silk and Stockings is very close to Harrow on the Hill tube. The area seems pleasant. It's a normal flat set up. Small waiting room, and a pleasant bedroom. It was medium size, clean, with relaxing lighting and a very good mirror set up.

### The Lady:

Erin told she me she was a student, and that is completely how she appears too. College girl pretty - 18 or 19 years old. Shoulder length slightly curly brown hair, with lovely medium sized breasts. Slim about 5 feet 5 tall, pale skinned and basically very sexy.

### The Story:

If you fancy a trip back to your late 6th form days or early University days, then Erin fits the bill very nicely. I could feel myself stirring as she came into the room in a see through dress, which I desperately wanted to see through. She took the money, came back very quickly, and wasted no time in stripping off. This was a most wonderful sight. I was offered a massage, but this didn't really happen. She did though offer a good feel and stroke around my cock and balls. This would have gone on longer, but I felt like turning over. I was pretty much hard by this time, but the sight of Erin before me soon completed the exercise. She gave my cock a few good strokes, but on a minus wasn't really up for me having a good feel of her breasts. Erin then moved onto the oral, which she performed enthusiastically and well. Infact, I asked her to stop, as tension was starting to build, and I wanted to get inside her. Like a boy in a sweet shop - difficult to choose - but I decided to take her from behind. Because the mirror set up was good, believe me this is an image I shall have in my mind for a long time. Erin with her back arched, hair around her shoulders and arse in the air looked incredibly horny. I managed a fairly gentle build, and a great climax, while wishing it could last a long time. However, it was a long enough time to enjoy the ride.

Erin was a little quiet during all this, but afterwards talked quite a bit when I asked her about her studies, and living in London.

On the negative it wasn't a GFE, but she was very pleasant, and incredibly sexy, so it was a thoroughly enjoyable experience. I also feel that if she gets to know you on a subsequent visit, she could be the kind of girl who would relax a bit more, and become more responsive.
