### The Premises:

As many have described before a cosy place to be on a cold day.

Seven girls working today none of whom I had tried before always hard to chose, fair enjoyed the view of those scantily clad young ladies whilst deciding.

### The Lady:

Eventually chose Natasha mid twenties brunet bonnie smile quiet busty.

### The Story:

Prior to back rub she asked,"Do you want me to take my clothes off?"

I wonder if anyone ever says no?

Lovely breasts not firm but feel great to touch!

Nice landing strip down bellow and very tasty tight as well.

Spent nearly to long in 69.Making it all to brief when it came to the main event did not venture past missionary.

Oh kisses very nicely as well.

Some might have met her before from London St where she previously worked or even before that when she was an independent escort?

Whatever a worthwhile addition to this establishment just the thing in Melanie's absence.

Guid gear goes into small bulk.
