### The Premises:

We met at a hotel off the A34 near Oxford. The facilities were excellent.

### The Lady:

Tara is very attractive, with highlights in her reddish brown hair. A sophisticated lady who exudes confidence and is extremely sociable in her personality. She keeps her body well tanned and very fit. She has very kissable breasts and a trimmed layer beneath the bikini line.

### The Story:

Welshrarebit says:

This was my second meeting with Tara. The first visit was quite an experience, but this was different again!

As soon as we entered the bedroom, we entwined again in each other's arms, passionately kissing whilst clothes were shed in the process. Eventually my fingers reached her breasts and there seemed to be a further increase in her desire as I gently massaged her erect nipples. Tara soon sank to her knees to take my cock fully in her mouth, lovingly sucking and kissing the full length.

We left the clothes where they fell and made our way to the bed where Tara fell, reclining whilst we continued to kiss and my lips continued downwards to her by then fast lubricating pussy. I inserted two fingers and began rhythmically caressing her. The pace quickened and suddenly with little warning, there was a gushing explosion of an orgasm. A fountain flowed onto the bedding and she groaned and shouted her pleasure with sheer abandonment. The orgasm eventually subsided, but only briefly before beginning to build again as I continued to stroke the G spot. There must have been a continuum of 4 or 5 orgasms in the next 10 minutes, and almost the entire bed and me was soaked with the continual gush that flowed. There was then an unstinted desire to be first fucked and then (without a rest) for Tara to suck me dry into a second orgasm. It took a lot of coaxing on her part to attain a second spurt of semen, but eventually she prized the extracts, that seemed to flow a goodly quantity down her throat. I was given a few minutes to recover before the frenzy began again with passionate kissing. We explored every orifice of both our bodies, and I lost count of the number of times and ways in which we made love during the 2 hours together.

Tara commented that I was only the fourth man to have this extraordinary effect on her, and she was amazed how soon the gushers had started coming.

I don't know what the formula was to achieve such a result, but the sexual chemistry was electric through out.

Tara says:

Well that was one hell of an afternoon! It's such a delight (and pleasure, and turn on) to meet someone who knows just the right buttons to press, and boy! did he press them over and over again. Welshrarebit I look forward to seeing (and gushing) with you again, and next time I'll bring a rubber sheet along lol
