### The Premises:

My hotel room.

### The Lady:

Her description as outlined on the site can be relied upon although she appeared to be a lot taller, perhaps because she kept her stilettos on throughout. Very attractive and well presented with her eye catching hairstyle being a real headturner and the spice of her being completely new to the scene being thrown in for nowt.

### The Story:

This was GFE at its very best and I was reminded of those bygone days of times spent with my various girl friends at the end of the evening when it was fashionable to entertain them on the back or passenger seats of the car!

A very lovely girl and maybe just as well I only booked her for an hour - any longer and I might well have ended up proposing to her, she was that nice.
