The Premises:

This parlour is in a High Street location but fortunately at one end so you don't attract the attention of locals with knowing looks. There is a Supermarket virtually opposite and this means I never have any problems parking. You dive straight off the street into a lobby where you can ring the bell in some privacy. The girls do a great job of keeping the parlour clean and tidy. The parlour itself could do with a lick of paint, some more enticing pictures and the towels have taken a few too many tumbles around the machine. I only mention these things because I like going here and consider myself a regular so don't want to see standards dropping.

The Lady:

Simone has long blonde hair, is around 5' 6" and has a curvy figure. I'd estimate her to be about 27 years old. She is always absolutely professional in the way she acts, lets you know what's going on, doesn't leave you hanging around. I have no doubt that it helps that I must have seen Simone a dozen times, girls are bound to be more friendly once they get to know you. This still hasn't persuaded her to indulge in Kissing or Anal, I live in hope. But I liked Simone from the very first time. We always have a good chat and I never feel rushed.

The Story:

I first had a shower, only fair to any girl after 200 miles in the car. Simone gave me a nice massage with talc. I should pay more attention to this than I do but we just chat all the time.

I like to spend time on Simone, enjoying stroking and massaging her body, sucking on her wonderful nipples. Then I go lower to her pussy which I always enjoy. A combination of kissing, licking and sucking has the desired affect and I love to watch Simone's pretty face as she cums in my mouth.

Following some experienced manual stimulation of my cock, and the addition of the rubber Simone took my cock into her mouth. Watching her do this alone was enough to make me 20% stiffer let alone the feeling of her sucking me.

After only a few minutes of her doing this I just had to fuck her. To me she looks at her most pretty in the missionary position so we did that first. Then we swapped over to doggy where she looks at her most sexy. Throughout this session Simone always looked and sounded appreciative of what I was doing to her (girls that detach themselves will never see me again).

Finally, I lay back, cock in hand as Simone sprayed her hot golden piss over my cock. I had a

tremendous cum and loved it that Simone helped me clean up.
Simone had another client waiting by this time, but she still didn't rush me out. Will I be back, you
bet, if I win the lottery the 4'oclock slot will be mine every day
