The Premises:

A scruffy house opposite Wanstead Flats. Shops and a bus stop nearby so there are people about. Walk in the front door and wait for the maid to open the second door. The rooms are adequate for the job.

The Lady:

Polish brunette, about 5/5, maybe late 20's. Quite pretty, with a toned body and a delightful shaven pussy. Most importantly, she was very bubbly and talkative. The maid told me she was very popular and I can see why.

The Story:

Now this place gets busy! There were guys queueing when I arrived so I went for a walk around the common and came back. I had intended to see the Indian girl, Pinda but she was busy and when Michelle introduced herself I had no hesitation going for her. In the room she stripped down to her hold-up stockings, sat on my back and began an adequate short massage. When I turned over my rising interest was apparent so she slipped on a condom with her mouth and began a very good BJ. Not too deep but firm with nice tongue action. After 5 minutes or so I was ready for a fuck so she hopped on board and began riding me fast. I slowed her down and she became quite sensuous, rubbing her tits in my face, whispering in my ear before before speeding up again for the finish. Afterwards she cleaned me up nicely and we had a nice chat. Overall I was quite impressed. In a place that is obviously geared up for a quick turn-around (?30 - 15 mins!) I got my full half an hour and the girl never rushed and the maid never knocked. These days I prefer to see an independant girl or have a home visit for an hour or longer but the girls at this place are just as pretty and give a good service and the VFM is excellent so I will undoubtably return at some point.
