The Premises:

I was at a loss on this Saturday and spoke to Susan, the receptionist at Touch of Class. She suggested Alice and another in the same area. The price for an hour swung it for Alice. She lives in a basement flat of a Georgian block just off a busy high street but in a residential quite road. There is ample parking at night after 10pm but the area is controlled by resident parking only bays. The entrance is well lit and secluded and, although the door bell does not work, knocking (as per instructions on the door) does not draw any attention. Alice lives in a two roomed apartment with a clean functional bathroom and shower. Clean towels are provided and there is a large double bed in the corner. The room is open planned with a settee and a large mirror on the wall (of which I hadn't noticed at first, but became an integral part of the nights entertainment later). Felt safe and secluded.

The Lady:

Alice is exactly as her photos on the site and she is also photographed and advertised on another site with this: agencycaprice.com/cgi-bin/gallery/index.cgi?&id=14&g=

She is a 21 year old blonde with fly-away curly hair and a very slim dress size 8. Her legs are very long although she stands at only 5'6" (or it could have been the 3" heels she was wearing!) She is extremely slim and has the smallest of waist's I have encountered. She is a 34C with small brown nipples that stand a couple of centimeters up when aroused. She is almost totally shaven with just a tuft of pubic hair lying at the base of her clit (she meticulously shaves every day). She has green eyes and a tanned skin and speaks with a Russian accent, coming from Latvia. She is studying here and is a beauty therapist with a passion for judo. She has a small pierced nose and belly button and a tattoo of a flower on her right upper shoulder. She does not smoke (is trying to give up) and has a intelligent conversation.

The Story:

When I entered she was wearing a small shimmering mini skirt, high heels and black thong/bra set. After we dispensed with her "presant" and she made a quick call to the agency she wasted no time in coming over and planting several passionate kisses on my lips. Her tongue explored mine and and her hands wandered over my legs and body. She soon was helping me out of my clothes and leading me to the bed. We spent ages just exploring each others bodies with our lips. She soon

took me deep in her mouth and played a tune with her tongue. Gentle stroking with her hands and lubricating with her saliva brought Mr Woody into the land of the living. What followed was a series of fantasies being fulfilled. She brought me to the brink by nibbling my balls, sack and shaft, then she allowed me to bury my head in her clit. This continued and ended up in a 69 by which time there was semen dripping from my japs-eye. She continued to suck and tease until I exploded in her mouth. She tried to swallow all but the sheer force and amount unfortunately caused a small amount to drip into my shaft. But she made every effort not to waste any. She cleaned me up and we had a breather. She kept the feeling intense by gently rubbing my foreskin and soon had me deep in her mouth again. She moved to dress Mr Woody with his jacket and sit astride me, gently easing me into her wet hole. She encouraged me to kiss and lick her nipples with stood up like door hooks. We changed positions into mish and I brought her legs up over my shoulders. I was cutely aware that the only thing she had on, her high heels, were gently digging into my back. We changed again into doggie with her coming close to the edge of the bed so I could ram deep into her pussy. She stopped and got off the bed, sucked me in her mouth again before taking me by the hand and led me to the lounge table. She positioned herself over the back of the chair and invited me to re-enter her from behind. Now I could see the both of us in the large lounge mirror, which was positioned at the precise height. We continued doggie until I was almost on the edge. She then stopped again took me back to the bed and lay down so she could see my face, grabbed my cock by the base and pushed me back inside her. I fucked her mish and exploded. We lay there exhausted for a while. She again cleaned me up and we lay chatting. She took no time though, to gently lick me clean and had Woody at attention once more. She continued this onslaught until again I shot my cum into her mouth. She lay on top of me and let her sweaty body warm me. She asked me if I wanted a shower and gave me a towel. This was the only time I saw her look at her watch. As it was I had run over. I showered and by the time I had returned she was dressed and sipping wine. She gave me more passionate kisses and let me out. This young lady is the ideal GFE and companion. She is intelligent and the conversation never died (unless she had my cock in her mouth). She is sex on legs. Three rounds and she could go on for more. I highly recommend Alice although some may find her extremely thin and slight. Treat her well gents. Next time I will book for longer.
