The Premises:

Discreet if spare basement flat near the park. Cashpoint is 10 mins walk away. She has two beds in her 'working room' that doubles as a guest bedroom.

The Lady:

Stunning brunette (see pics). Brazilian rather than Spanish although she can speak some espanol. Bum a bit more big than round and curvey. Amazing pair of huge breasts, one of the nicest sets I've ever seen of that size. Sensitive nipples

The Story:

I came to visit rebecca and things started off well. She got right down to business after a 5 minute perfunctory massage and gave me some covered oral. This was quite nice and included a good amount of ball sucking and licking. She then rode me hard in cowgirl position while yelling for me to suck her huge mammaries harder and harder. Within 15 minutes of getting in the door, I had cum the first time.

Great, I thought, on to round two. This is when things got uneasy. First she picked up her mobile and began exchanging a series of texts with the next punter who was due to arrive 15 minutes after I was to leave. Bizarrely, she kept insisting that he was 'just a friend not for sex' and then in the next breath would inquire about the proper definition and contextual expression of the word 'fee'. I think she was afraid I'd tell the agency that she wasn't booking through them.

After about 8 minutes of this I'd had enough, since I still had over half an hour remaining, I asked her to put the phone down. She did so reluctantly, and after another 5 or 10 minutes of kissing and fondling I asked her for another round. She told me no, 'only one sex in one hour'. I protested that this wasn't the case for 200 quid, but she only reluctantly agreed after some discussion. After a quick session she told me that I was the only customer who'd ever asked for a second round. I don't like to coerce anyone or feel like I'm forcing the girl to do what she doesn't want to do, but 200 pounds is a lot and for that kind of money you'd at least expect to be the center of attention for the whole hour without the mobile in the room. If I'd known there was only one go on offer beforehand it would have been fair enough, and I would have held off a lot longer or gone elsewhere.

I know, this is just wingeing, I got off twice and the girl was fit and the service was good. I still decided to write this report after I phoned the agency. It wasn't to ask for recompense, but just to see if all their girls had the same policy, as some are quite fit. He said that it was up to the girl and that he wouldn't know how many times an hour was standard. I don't regret the experience but the fact is that there are equally fit girls out there who will give you a full one hour service for less money.
