The main parlour is very clean and well furnished. The dungeon looks like a converted boiler room and lacks the polish of the rest of the establishment.

"Better looking than the website photos." It's true.

The Story:

I'm not sure how to write this without offending Eve. I wanted to fulfil a tie and tease, fem dom fantasy of mine. I didn't get what I wanted. That's might be my fault for not explaining myself, but I suspect a part of it is that Eve is much happier playing a type of Dom role that is more aggressive and less sensual. In the end we were both frustrated.

Some things that bothered me; lack of safeword (OK in the scene I wanted, not in the one I got!), not as safe sex as I'd like disinfectant isn't totally effective against, for example, Hep. C. - this is very disconcerting when you're blindfolded, tied and using anal toys.

Eve might say I'm a wimp and she'd be right but it was my session.

I suggest you read the previous reports carefully and if what you want fits Eve's profile then I recommend her because she's very professional and attractive (to wit she offered me a discount for not enjoying the session).
