The Lady:

Libby is exactly as she describes herself on her website and as she appears in her rather copious galleries. What fails to come across is her lovely smile and sparkling eyes.

Her website is more model oriented - but she definitely escorts as well. As she says - what is the difference between escorting and someone taking pictures of her while they are at it?

I suppose in a way escorting is easier since you don't have to put up with the pretence of taking photos all the time.

The Story:

I had a great time with Libby. In spite of her age she is versatile, and physically flexible. She is also a demon in the sex department. Great BBBJ - seems to enjoy reverse O, and able to get into some interesting positions. The way she managed to suck my cock at the same time as rubbing it between her ample bosom was a revelation!

I cannot recommend her highly enough - an open nice person to talk to between sex and a tigress when doing sex - what more could one ask for??

She is also not a clock watcher and we over-ran by a few minutes without any complaint.

I will definitely see her again.
