The Premises:

Decent enough location in the Park itself. Safe area. Interior was run down though, no clean sheets on bed.

The Lady:

Candy is tall, 5'8" or thereabouts, and actually has a pretty well built body. Great tits, cellulite free arse and tummy and long legs. Facially she was rather disappointing compared to the pics on her website, heavily made up. She answered the door naked except heels and things looked promising from the start.

The Story:

However, things went downhill from then on. She may have an impressive stack, but she sorely lacks in the personality and intelligence department. No attempt at any conversation was made, and she was completely indifferent from the word go.

What was worse was that she kept her mobile on and kept texting and taking calls. In the end I gave up being polite and just asked her to suck me off. She claims to offer OWO and CIM, but her oral technique was woefully poor, with hardly any contact with her mouth at all.

Despairing, I offered to bring myself off and told her to lay on the bed while I brought myself off. The highlight of this was that I actually shot my load over her face which I think took her by surprise.

After cleaning up, it was back to more silence. In the end, instead of staying for the hour which she initially charged 80 pounds, she actually had the cheek to say that she was tired and offered to pay me 20 pounds back if we agreed to call it a day then! All my gentlemanly humour was completely gone by now and I took my 20 pounds back.

On the way out, I asked if I could use her bathroom to freshen up but was flatly told that I couldn't because there "wasn't one in the flat"!

Left the place so annoyed and disappointed. I don't usually like to post negative comments, but I feel so strongly about this that it warrants a warning to fellow punters. Stay well clear, this girl is not only dim, she gives all the other ladies I have seen a bad name. Never again.
