The Story:

Visited Sarah based on her one other field report. Totally justified. She treats her clients with respect, so make sure you do the same! Sarah makes the whole experience, not only really horny but a lot of fun, although laughing and shagging simultaneously aren't always ideal companions!

For the record, her oral technique is fabulous and sex in a variety of positions felt the same as it used to do for me with women I really liked. (How sad does that sound?). In other words it was bloody tremendous and ranks among my top punts ever.

In case you didn't realise, I really rate this lady - but don't take my word for it you idle buggers, go and see for yourself.

Thanks Sarah - you really are ace, if you know what I mean!
